

# FreePlay A Cappella Tech Rider

## **Tech Requirements**

*FreePlay will bring their own wireless mics (2 x Sennheiser EW-100 G3 "A range" 516-558 MHz), mixer, and in-ear monitors (Sennheiser EW IEM, A range). They will require the following:*

- table, approx 60cmx90cm (24"x36"), located in the wings downstage right, for laptop, wireless receivers and mixer. Please ensure an unobstructed line-of-sight for mic receivers.
- 2x XLR inputs to the house PA, with cables
- 1x straight mic stand, no mic clip
- please ensure any other wireless mic receivers are active, to check for RF interference.
- Please allow a minimum of 30 minutes stagetime for soundcheck. FreePlay will need to set up equipment offstage prior to this.

## **Lighting Requirements**

FreePlay has no specific requirements: lighting can be created/alterd by the lighting engineer as musically appropriate.

Please contact Dylan Bell at +1 416 897 2370 / [dylan@dylanbell.ca](mailto:dylan@dylanbell.ca) to confirm/discuss tech requirements
